Bush Elementary School
Kindergarten Registration

IMMUNIZATION REQUIREMENTS

The state of Arizona requires that parents of students registering for school submit documented proof of immunizations. To attend a Mesa School, students entering Kindergarten must have received adequate doses of the following immunizations:

- **DTP, DT, Dtap, DTaP** (Diptheria, Tetanus, and Pertussis/whooping cough). 5 doses are required. 4 doses meets requirements if the one was given on or after the 4th birthday.
- **IPV** (Polio): 4 doses are required. 3 doses meets requirements if one was given on or after the 4th birthday
- **MMR** (Measles, Mumps, Rubella): 2 doses are required. One more dose is needed if the 1st dose was given more than 4 days before the 1st birthday.
- **Hepatitis B**: 3 doses are required. One more dose is required if 3rd dose was given before 24 weeks of age.
- **Varicella** (chickenpox): 1 dose is required (2 highly recommended by the CDC) or laboratory evidence of immunity (from having the illness).

If your child is not current with all immunizations at this time, documented proof must be received before the first day of school. **Immunizations are available through your child’s doctor or at the locations below. Please call the health office with any questions that you may have concerning immunizations. Thank you!**

Karin Martin RN, M. Ed., School Nurse
480-472-8543 (or 480-472-8868)
