

iMac Installation of StandardsMaster

- 1) Set up the card reader, but don't plug in the USB.
- 2) Check HD for Acrobat Reader 5.0 for later use.
- 3) Use IE 5.0 or higher and go to stmdemo.renlearn.com
- 4) "Click here to begin"
- 5) Login using:
 - a. Username: admin
 - b. Password: admin1
 - c. Click on "sign in"
- 6) Click on "Client Application Installers"
- 7) Download 2 installers;
 - a. StandardsMaster Scoring Station Mac1.1.0
 - b. CarbonLib 1.5 Installer 1.0.0
- 8) Both should download to the desktop
- 9) Open StandardMasters Scoring Station Mac 1.1.0
 - a. Click "O.K."
 - b. Click "Choose", it should put the application in "Applications OS 9.0 folder"
- 10) On the desktop, open the "CarbonLibInstaller.sit" icon. It creates a folder on the desktop called "CarbonLibInstaller.smi".
 - a. Open "CarbonLibInstaller.smi" and it creates a folder called "CarbonLib" on the desktop.
 - b. Open the CarbonLib folder and open the file called "SW Install"
 - c. Click on "continue", "agree", "select", "start", "continue". If the iMac machine already has CarbonLib 1.5, it will inform you at this point.
- 11) Trash the icons created, and RESTART the computer.
- 12) Open HD/ open Applications OS 9.0, open StandandsMaster folder
- 13) Make alias of program icon, drag it to the desktop, open the alias
- 14) Click on server settings, type in ADDRESS: 24.196.78.59 . Leave PORT empty. Click O.K.
- 15) Sign in with username: admin password: admin123
- 16) The program will display "Scanner not responding". Now plug in the USB connection.
- 17) Click on scanner settings button
- 18) Click O.K.- after a few seconds pause, the program should say "Ready to Score". The amber light on the card reader should also display a green light.
