

Madison Elementary School - Suggested School Supply List for 2019-20 School Year

In Arizona, school supplies are provided by the schools to children for them to be successful in their classrooms. Many parents, however, request a suggested school supply list from the school to help instill in their child an excitement and anticipation for the first day of school, which is August 6, 2019. For those parents who wish to know what items they may want to purchase, the teachers at Madison have come up with a **suggested list** that is uniform across each classroom.
