

SENIOR YEARBOOK PICTURES! It is time for the Senior Class of 2020 to make their appointment at **Lou Coopey Photography** for senior pictures. The yearbook staff at Mountain View High School asks that you use Lou Coopey for a variety of reasons. First and most importantly, **if you want your senior picture in the yearbook**, you must go to Lou Coopey. The yearbook requires all seniors to use the same studio for the yearbook picture to ensure uniformity in the senior section of the yearbook. Of course, there is no obligation to order any of the pictures taken. Secondly, while summer seems early to require senior pictures, the yearbook staff needs them at this time in order to meet their fall printing schedules and deadlines. Lou Coopey does provide many services, such as flexible scheduling, digital retouching, outdoor sets, private shots, black and white or sepia tone effects, all with a money back satisfaction guarantee should you choose to purchase pictures. They can also provide instant proofs you can take home right after the picture session, as well as packages to fit every budget. Please call and schedule your appointment soon at **(480) 830-5667**, and please remember that our **dress code does apply!**

The cost of this year's yearbook will be \$65 if purchased by the end of October, 2019, \$70 from November 1, 2019, through December, 2019, and \$75 at the end of the year when the book is released.

Make your appointment before September 1, 2019, to ensure your senior picture is included in the yearbook.
