Information & Guidelines

INFORMATION & GUIDELINES

2020-21

ADDENDUM

All student responsibilities, behavior guidelines and information, including disciplinary actions, listed in this publication are applicable in the remote learning and modified in-person learning environments unless otherwise noted. See below for revisions to specific areas:

P. 11: Visiting School and Volunteers

Until further notice, no outside visitors or volunteers will be allowed on campus when in-person learning resumes in the 2020-21 school year, except for the safety and well-being of students. Parents will report to the front office and not go beyond unless it is for the safety or well-being of their child.

Essential visitors to facilities, such as district staff, will be required to wear face coverings and will be restricted in their access to campuses as a whole. Visitors must follow all safety protocols.

EXPECTATIONS - REMOTE LEARNING

Students expectations during remote learning

- Reflect on their learning and self-assess using tools provided by their teachers.
- Participate in training/instruction in remote learning expectations.
- Access assignments on their own time and at their own pace, but make adequate weekly progress in all courses.
- Participate in teacher lessons when scheduled, and/or review recordings as needed.
- Respond to emails and messages from the school within 24 hours.
- Proactively communicate with teachers and/or school staff what is working and what is not.
- Follow district technology expectations and guidelines.
- Know and access the district and school support structures for technology and digital curriculum as needed.
- Participate in training on the appropriate use of devices.
- Participate in training on how to use the Canvas learning management system.
- Participate in training on how to use other integrated technology software and programs.
- Engage in social and emotional learning (SEL) check-ins and reflections using teacher provided tools.

Parent expectations during remote learning

- Help children be ready to learn by providing a supportive learning environment including time, space and resources necessary for learning.
- Communicate regularly with teachers(s) and school regarding needs.
- Take advantage of parent resources available on school websites to support student learning.
- Update school with accurate contact information, such as email, phone number and address, and preferred time for check-ins.
- Monitor student progress within Canvas (Canvas Observer) and the Parent Portal.
- Monitor student engagement through planning, prioritizing, organization, goal setting and time management.
- Collaborate with teachers to increase student motivation and engagement.
- Monitor the use and care of district-provided devices.
- Contact your teacher and/or principal for assistance when needed.
- Share information with school staff regarding the impact of school closure and pandemic on the family.
- Communicate with school staff any barriers to participating in remote learning.

EXPECTATIONS - MODIFIED IN-PERSON LEARNING

Student expectations during modified in-person learning

- Follow all safety protocols, including wearing face coverings indoors and outside.
- When remote, access assignments on their own time and at their own pace, but make adequate weekly progress in all courses.
- Reflect on their learning and self assess using tools provided by the teacher.
- Participate in training/instruction in remote learning expectations.
- Participate in teacher lessons when scheduled, and/or review recordings as needed.
- Respond to emails and messages from the school within 24 hours.
- Proactively communicate with teachers and/or school staff what is working and what is not.
- Follow district technology expectations and guidelines.
- Know and access the district and school support structures for technology and digital curriculum as needed.
- Participate in training on the appropriate use of devices.
- Participate in training on how to use the Canvas learning management system.
- Participate in training on how to use other integrated technology software and programs.
- Engage in social and emotional learning (SEL) check-ins and reflections using teacher provided tools.

Parent expectations during modified in-person learning

- Perform an assessment of their child's health before they leave for in-person learning, including temperature and other known COVID-19 symptoms.
- Send their child to school with a filled water bottle and clean face covering. Face coverings will be available if needed.
- Help children be ready to learn by providing a supportive learning environment including time, space and resources necessary for learning.
- Communicate regularly with teachers(s) and school regarding needs.
- Take advantage of parent resources available on school websites to support student learning.
- Update school with accurate contact information, such as email, phone number and address, and preferred time for check-ins.
- Monitor student progress within Canvas (Canvas Observer) and the Parent Portal.

Welcome to MESA PUBLIC SCHOOLS

OUR PROMISE

Every student in Mesa Public Schools is known by name, served by strength and need, and graduates ready for college, career and community.

OUR VISION

Mesa Public Schools
Unprecedented Excellence in Education

OUR MISSION

The mission of Mesa Public Schools is to develop a highly educated and productive community, one student at a time.

OUR CORE VALUES

In Mesa Public Schools, we believe...
...each child is important.
...learning is our focus.
...collaboration and innovation are indispensable.
...sound fiscal stewardship is essential.
...diversity increases our opportunities.
...success is expected and celebrated.

This districtwide handbook contains a wealth of information parents need to help their children succeed in Mesa Public Schools. For details on any topic, parents may:

- Contact their children's teachers, school secretaries or school administrators
- Visit mpsaz.org/parents for an online version of *Information and Guidelines* and links to all policies, programs and services featured in this handbook
- Call 480-472-0223 for policy information over the phone, or visit mpsaz.org/parents to view an online version of the district policy manual
- Send an email to info@mpsaz.org

DEFINITION OF TERMS THROUGHOUT THIS HANDBOOK

"Parent" means a parent (*unless parental rights have been judicially limited or severed*), a legal guardian or an individual acting as a parent in the absence of a parent or guardian.

"Policy" refers to a district Governing Board policy and administrative regulation.

"School administrator" means a school principal, principal's designee, assistant principal, team leader, school coordinator or district administrator.

"Assistant superintendent" means an assistant superintendent or an assistant superintendent's designee.

Information and Guidelines and the district policy manual may not cover every situation. In the absence of specific direction, school administrators have the authority to use their discretion.

STUDENT RESPONSIBILITIES

All students have the responsibility to:

Respect the rights of others to study and learn.

Students come to school for an education. No one has the right to interfere with the education of others.

Attend school daily unless ill or excused by the school.

Students have a responsibility to take advantage of every opportunity to learn so they can function effectively in society. Students who maximize their opportunities to learn are more successful in school and later in life.

Be on time for all classes.

Students who enter a classroom after a class has begun are interfering with the rights of others to learn and study.

Complete all in-class and homework assignments, and meet deadlines.

The primary responsibility for learning belongs to the student. Since everything that must be learned cannot be accomplished during the school day, there will be homework assignments. Education is an ongoing process that doesn't stop when the school day ends.

Come to class with necessary books and materials.

A teacher should not have to delay class because a student has come unprepared to begin work. This interferes with the rights of others to learn and study. Getting an education requires more than merely being in class; students are expected to actively participate in their learning.

Respect public property, and carefully use and return all materials and equipment.

Schools are a community's gift to its young people. It is wrong to abuse that gift. Responsible use of materials and equipment will preserve them for future students.

Obey school rules.

Rules are designed to ensure schools and classrooms are learning environments where students are safe and successful. Students have a responsibility to obey these rules so each student has the proper environment in which to learn.

Volunteer information, and cooperate with school staff in disciplinary cases.

Every community depends upon the willingness of citizens to play a part in upholding the rules by which everyone has agreed to live. To volunteer information and cooperate with school staff members are the obligations of a good school citizen.

See that school documents and correspondence to parents reach home.

Education requires a partnership between the home and the school. For the partnership to work, those involved must know what is happening. Teachers regularly offer documents, for parents to review, that outline the academic progress of their children. Students, parents and teachers should work together to maximize learning.

Comply with legal responsibilities.

Students are to comply with policies and regulations, pursue the required course of study and respond appropriately to the authority of the teachers, administrators and Governing Board members.

Secondary Students **2020-21** INFORMATION & GUIDELINES

ATTENDANCE

We count on parents to ensure that children attend school and arrive on time.

Absences

Parents are expected to inform the school when their children will be absent. If children are absent without prior notice, the school will make reasonable efforts to notify parents within the applicable time periods prescribed by law.

It is important that parents let the school know right away if their phone numbers change.

Please provide notes from doctors and dentists to excuse children for appointments, illnesses or injuries.

If parents do not authorize absences within one day after their children return to school, absences are unexcused.

Parents are responsible for providing advanced notice when a child must leave during the school day for an appointment or other circumstances, and they must indicate who will pick up the child from school.

Parents who anticipate extended absences should contact the school. If they do not, children are withdrawn from school after missing 10 days in a row.

Tardiness

Students are tardy if they are not seated when the bell signals the start of class. They are considered absent if they are 10 or more minutes late.

Truancy

Students must be in school until they successfully complete 10th grade or reach age 16. State Statute A.R.S. §15-803 defines "Truant" as an unexcused absence for at least one class period during the day. For truancy purposes, one class period equals one absence.

Attendance officers may talk to students and parents about the legal consequences of truancy. The district also sends parents and students warning letters. If students are habitually truant or excessively absent, parents and students may be cited and referred to the court.

Students are habitually truant if they have five or more unexcused absences. They are excessively absent if they have 18 or more excused or unexcused absences.

BICYCLE AND WALKING SAFETY

Students must obey traffic laws, and they should wear helmets when riding to and from school. Suspicious behavior observed along the way should be reported to a school administrator or police officer.

Bicycles should be locked when parked at school. Mesa Public Schools is not responsible for loss, theft or damage.

CAFETERIA

Our nutritious, affordable meals follow Policy JL and the U.S. Department of Agriculture's Dietary Guidelines for Americans. Parents may place money in their children's accounts by check or cash at school, or by credit or debit card at myschoolbucks.com. Free and reduced-price meal applications are available at school and online.

If a student does not have money for breakfast or lunch, in lieu of charging, a courtesy meal will be provided. A courtesy meal is any option offered that day. A junior high student can receive no more than six courtesy meals during the school year. Once six courtesy meals have been granted, a nutritionally balanced alternative meal will be provided, consisting of a sandwich on whole grain bread, fruit, vegetable and milk. The cafeteria manager will contact the student's family directly regarding their child's account balance. High school students can receive no more than four courtesy meals during the school year. Alternative meals are not available on high school campuses.

For applications, menus, prices, and information on nutrition, allergies and student accounts, visit mpsaz.org/food.

CHILD ABUSE

To ensure student safety, school employees must report suspected physical abuse, neglect and sexual abuse to the Department of Child Safety (DCS) or the police. All reports are confidential records. Requests for information should be directed to DCS or the appropriate law enforcement agency.

The reporting law applies most often to adults abusing children. When students are accused of sexual harassment, fighting or bullying, we review each incident carefully for indications of abuse. The accusations may be investigated by the police for possible criminal charges — regardless of the age and maturity of the alleged abuser.

COMMUNICATION WITH PARENTS

We share news of personal and schoolwide interest and importance via the website, parent newsletters and U.S. mail. We also communicate through telephone, email and text-messaging notification systems, and the Peachjar online flyer delivery system.

Please help us stay in touch with you by updating your mailing addresses, email addresses and phone numbers. Opt in to text updates by texting "yes" to 67587.

We also invite you to join our followers on Facebook, Twitter, Instagram and YouTube.

CUSTODY AND VISITATION

We do our best to respect the child-custody and visitation rights of separated or divorced parents, as prescribed in state laws and valid court orders.

Custodial parents or parents with joint custody are responsible for providing the district the most recent court order if child custody or visitation issues affect the school. See Policy JH.

DRESS AND GROOMING

Dress and grooming standards promote school pride, self-esteem, the safety and welfare of students and staff, and the achievement of curriculum goals and educational objectives.

Clothing, accessories and visible tattoos must not convey a message that:

- Relates to tobacco, alcohol or illegal drugs
- Appears sexually suggestive, vulgar, obscene or offensive
- Advocates or promotes violence or terror
- Expresses gang membership, affiliation or support
- Causes a reasonable person to feel threatened, intimidated or harassed because of the person's race, color, national origin, religion, sex (including gender identity and sexual orientation) or disability

The district's minimum dress and grooming expectations are available in the school office and in Policy JFCA. Schools may adopt additional standards based on School Improvement Advisory Council recommendations. See your school handbook.

EMERGENCY RESPONSE

School emergencies, such as power outages, threats or neighborhood incidents, may require precautionary lockdowns or evacuations. Schools practice emergency response techniques regularly.

Our first concern is always the safety of students and staff. Parents can count on Mesa Public Schools to provide resources, such as security, transportation, food, water, and the added protection of police and fire officials.

The first information parents hear from the media or others may be inaccurate. Please do not contact the school. We will provide parents information via the district's communication system as quickly as possible.

Do not call or send text messages to your children. If they contact you, direct them to follow instructions from school officials.

Lockdowns

Lockdowns take place when there are safety concerns on campus or in the vicinity. During a lockdown, students and staff are secure in their classrooms. Do not go to the school. Office and classroom doors are locked, and no one is allowed in or out.

Children are not released from school without the authorization of police and/or fire officials.

Please be patient, and follow directions from the staff.

Evacuations

If emergency responders believe students and staff would be safer off campus, school officials follow established evacuation procedures for relocation to a predetermined site. The district provides additional supervision, and students remain with their classes.

Sometimes, evacuations are brief, and students quickly return to the normal school schedule. Parents should not go to the evacuation site. Additional individuals add confusion to the emergency situation and take the staff's attention away from students.

Reunification

The school cares for students in lockdowns or evacuations during the school day and beyond, if necessary. But there may be times when parents are contacted and asked to pick up their children.

In a reunification, students are released to parents or other adults designated on emergency contact forms. Photo identification is required.

EQUAL OPPORTUNITY

Policy prohibits discrimination based on race, color, ethnicity, national origin, religion, sex (including gender identity and sexual orientation), disability or age, and provides equal access to the Boy Scouts and other designated youth groups.

Under certain conditions, such discrimination can include harassment by students or staff if the conduct creates a hostile learning environment under the law.

Lack of English language skills is not a barrier to admission and participation in district programs and activities.

See Policies JB and JFD for details on discrimination, complaint procedures and resolutions. Students may report discrimination to teachers, counselors, student advisors or school administrators.

The associate superintendent is the district's compliance officer for:

- Title IX (*gender-based discrimination*)
- Title VI (*discrimination based on race, ethnicity, national origin and religion*)

For assistance, call 480-472-0205. Or write to Associate Superintendent, Mesa Public Schools, 63 E. Main St. #101, Mesa, AZ 85201.

The assistant superintendent of special education is the district's compliance officer for disability-based discrimination:

- Section 504 of the Rehabilitation Act
- Americans With Disabilities Act
- Individuals With Disabilities Education Act

For assistance, call 480-472-0702. Or write to Assistant Superintendent of Special Education, Mesa Public Schools, 1025 N. Country Club Drive, Mesa, AZ 85201.

Any student who knowingly makes false accusations of discrimination may be subject to disciplinary action.

EXTRACURRICULAR ACTIVITY AND INTERSCHOLASTIC ATHLETICS PARTICIPATION

Students must pass all classes to participate in junior high athletics and high school interscholastic athletics and activities.

High school interscholastic athletics participation

Ninth- through 11th-graders must take at least five courses for credit. Seniors must take at least four courses, which must be sufficient to complete all credit requirements to graduate.

Ninth-grade students' district progress report with a failing comment or the district quarter and semester report cards with a failing or incomplete or no credit grade will serve as notice to the student and the parent that the student is not passing and ineligible.

For 10th- to 12th-grade students, district quarter and semester report cards with a failing or incomplete or no credit grade will serve as notice to the student and parent that the student is not passing and ineligible.

For grades nine through twelve, the district will use the athletic academic eligibility timeline to determine the dates when students' academic eligibility will be checked and when a previously ineligible student may resume participation. See Administrative Regulation IGDJ-R-E(1).

FEES AND DEBTS FOR STUDENTS

Schools charge fees for extracurricular activities, on-campus parking, and fine arts and career and technical education courses. Students and their parents must meet their financial obligations to the district. The district may use reasonable and cost-effective methods to obtain payment of a delinquent debt, or establish a payment plan.

School administrators may waive or reduce fees for economic hardship. A student with delinquent debt will not be denied education services or access to education records. For fee schedules and information on tax credits for extracurricular activities, see "Fees for students" at mpsaz.org/parents.

FIELD TRIPS

Only students who are approved for a particular activity, and their assigned sponsors, teachers, coaches and school- or district-approved chaperones may participate in field trips.

FOOD SAFETY

All food brought onto campus for students to share at classroom celebrations or other group activities must originate from stores or commercial kitchens certified to comply with Maricopa County Environmental Services regulations.

County regulations also apply to school-sponsored functions, such as barbecues, pancake breakfasts and carnivals. See Policy JL.

Students must comply with the coach's rules and the district's Code of Conduct for Athletic Activities and Spirit Lines. See "Athletics Code of Conduct" at mesasports.org.

Junior high athletics participation

Seventh- and eighth-grade students' grades will be checked a minimum of one time each season at progress report time. Students failing a class at this time will be ineligible for a minimum of one athletic contest. A student may regain eligibility by providing proof of a passing grade to the coach and athletic director. If the student fails to raise the failing grade to a passing grade, the student will remain ineligible for the remainder of the season.

See the Junior High Athletic Conference document at mesasports.org for additional eligibility requirements.

GANG ACTIVITY

Students may not engage in any gang activity, no matter where or how it occurs, if it has a substantially detrimental impact on school activities, students or staff in relation to school attendance and/or school operations or the school environment.

Students who engage in gang activity are subject to disciplinary action. See Policy JFCE.

GRADING PROCESS

The following scale ensures common, consistent reporting in seventh- through 12th-grade subjects assigned achievement grades:

ACHIEVEMENT GRADE %	
A	Consistently meets curriculum standards at an outstanding level (90-100)
B	Generally meets curriculum standards at a high level (80-89)
C	Meets curriculum standards at a satisfactory level (70-79)
D	Meets some curriculum standards (60-69)
D-	Minimum Progress (teacher discretion) (59-59.99)
F	Fails to meet curriculum standards. If courses are credit bearing, no credit toward graduation is granted to a student receiving a final grade of "F" in the course. (<59)

For additional and detailed information on non-letter grading, please see the Junior High and Senior High Course Description Catalogs.

GRADUATION REQUIREMENTS AND DIPLOMA OPTIONS

Students who earn 22 required and elective credits, pass the American Civics Test and meet attendance standards are eligible for Standard Diplomas.

Students who complete more rigorous course work and maintain a high grade-point average may be eligible for additional diploma designations. See "Course Description Catalog" at mpsaz.org/parents.

HARASSMENT, BULLYING AND HAZING

Harassment, bullying and hazing are prohibited at school, in school vehicles, at school bus stops, during school-sponsored activities and while students are traveling to or from school.

Harassment means any abusive conduct that is directed at one or more students because of the student's actual or perceived race, color, ethnicity, national origin, religion, sex (including gender identity or sexual orientation), disability or age, and that is sufficiently severe, pervasive or persistent so as to interfere with or limit the student's ability to participate in or benefit from the services, activities or opportunities offered by the school. It includes retaliation and sexual harassment.

Unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature may constitute sexual harassment.

Bullying means any aggressive, intentional behavior carried out by a person or group repeatedly and over time against a victim who cannot easily defend himself or herself. It may be verbal, physical or relational; and it requires an observed or perceived imbalance of power – such as physical strength, access to embarrassing information or popularity – between the bully and victim.

Bullying includes cyberbullying, which means any act of bullying committed by use of electronic technology or communication devices, including social networking and other internet communications, that occurs on school property or at a school-sponsored event; substantially interferes with a student's education; threatens the overall educational environment; or substantially disrupts the operation of a school.

Hazing means forcing a student to risk or suffer physical or mental harm or degradation to join, participate in or remain in a school-affiliated organization or activity.

Students who believe they have been harassed, bullied or hazed should report the behavior to a teacher, counselor, student advisor, nurse, health assistant or school administrator. All school employees must report such incidents. All reports are investigated and confidential.

Students who engage in harassment, bullying or hazing are subject to disciplinary action. See Policies JFD and JFCM.

HOMEWORK

Each school's homework plan is designed to reinforce learning objectives and enhance student achievement. Homework enables students to practice, complete, make up or extend classroom work. Homework is not given as a penalty.

Depending on students' study habits, academic skills and course load, daily homework usually ranges from:

- 1 to 1 ½ hours in junior high
- 1 ½ to 2 ½ hours in senior high

ILLNESS AND INJURY

Sick children should stay home to rest, recover and minimize the spread of disease.

Students should not attend school if symptoms include fever, diarrhea, vomiting, severe sore throat or a draining wound. Students should be fever free without medication before returning to school.

Parents are notified and asked to pick up children who become ill at school.

Parents must inform the school and coaching staff of any illnesses or injuries that may affect students' health and safety during physical education and athletics. A doctor's note is required for an extended absence and may be required to resume participation in PE and athletics.

IMMUNIZATIONS

Arizona law requires children to be up to date on their immunizations to attend school. Documented proof is required for students entering Mesa Public Schools.

Information is available in the school health office regarding Medical, Personal and Religious Exemption Forms. Exempt students are excluded from school if there is an outbreak for which they have not been immunized.

INSURANCE

The district does not carry medical or dental insurance for students who become ill or are injured during school activities. Parents are responsible for their children's insurance and related expenses.

An optional school-day accident and health policy is available for purchase through a private agency. See "Insurance" at mpsaz.org/parents.

LANGUAGE LINE

Over-the-phone interpretation enhances home-school communication with parents. Language Line features three-way interpreter conversations from English into more than 170 languages. All calls are confidential. This service is free for parents and schools.

Call your school secretary to request Language Line interpretation. Or contact the district's English Language Acquisition Department, 480-308-7500.

LIABILITY FOR VANDALISM

If students damage or destroy school property, they may be suspended or expelled. Parents may be liable for their children's vandalism.

MEDICATION AND DIETARY SUPPLEMENTS

School personnel may administer medication to students during school hours if:

- A Parent/Physician Consent for School to Administer Medication form is completed at the beginning of each school year and when the medication or dosage changes
- There is an unaltered, current pharmaceutical label attached to prescription medication
- Over-the-counter and dietary supplement medication are in its original container and dosage must be weight and age appropriate per label.
- Medication is administered and stored in the health office

Over-the-counter medication and dietary supplements may not be given for longer than five consecutive days without a medical provider's prescription order.

Parents are notified when more medication is needed and when unused or discontinued medication is to be picked up from school.

Students may carry and self-administer prescribed emergency medication or inhalers if they are properly labeled and if parents provide written consent to the health office.

No other medication, including over-the-counter medications and dietary supplements, may be carried by the student unless the school nurse and administrator have signed an Individualized Health Care Plan. Self-administer medication plans may be developed for diabetic students with physician approval. See Policy JHCD.

NEWS MEDIA AND DISTRICT COVERAGE

Students may be interviewed, photographed or recorded by the news media or district employees for print, radio, television or online content.

Media Opt Out

Parents may submit Opt Out Forms to the office within the first two weeks of school or enrollment, whichever is later. The form is available at mpsaz.org/parents. **A new Opt Out Form must be submitted each year.**

OPEN ENROLLMENT

Our schools welcome open-enrollment students from other district attendance zones and other Arizona districts. Applications are available at all schools and online. See "Open Enrollment" at mpsaz.org/parents.

Applications for enrollment for the next school year are due before March 1 for notification of the acceptance decision by April 1. If applications are returned on or after March 1, parents will be notified as soon as possible.

Parents and students must agree that students will honor all school rules and regulations, including standards for academic effort, conduct and attendance. Failure to comply with school rules may result in reassignment to another school.

PARENT RIGHTS

Policy KBAA explains a variety of rights on a range of educational issues. The information is available at schools and mpsaz.org/rights.

PARKING

Parking privileges vary by high school. Please see your child's school front office to inquire about grade level, driver's license, insurance and registration requirements.

Students receive parking regulations when decals are issued. Any violation may result in penalties. Vehicles may be towed. Students may lose parking privileges and receive police citations.

Neither the school nor the district is responsible for theft or damage to any vehicle or its contents.

PAYMENT FOR OPTIONAL MATERIALS, SERVICES, LOST AND DAMAGED ITEMS

When students enroll, basic course materials, identification cards, and some lockers and locks are required. They are free.

Other lockers and locks, physical education towels, activity cards and yearbooks are optional and not free. Supplemental course materials and service fees vary. High school course fees are required. Junior high course fees are voluntary material donations.

Lost or damaged textbooks and other required materials must be replaced.

Students who do not meet their financial obligations may not be allowed to participate in extracurricular activities or graduation exercises.

PERSONAL PROPERTY

Students should not bring valuable personal property to school unless it's necessary for school activities.

Protection of personal property is the responsibility of students and parents. The district is not responsible for loss, theft or damage.

POLICE VISITS

Police may ask to interview students at school. If parents are being investigated for suspected child abuse or other criminal activity, we cannot notify parents without police approval.

In all other cases, we make reasonable efforts to notify parents in a timely manner unless directed otherwise by police. If we cannot reach parents, we allow the interviews unless students refuse to be interviewed or wish to speak with parents first.

If police want to take students into custody, the school must comply. We notify parents unless the police direct otherwise.

PRIVACY AND SURVEYS

The Protection of Pupil Rights Amendment gives parents and eligible students (emancipated minors or students who are 18 or older) rights regarding protected personal information, instructional materials, physical exams and health screenings:

1. To provide written consent before students participate in any survey funded by the U.S. Department of Education that requests protected information:
 - Political affiliations
 - Family, mental or psychological problems
 - Sexual behavior or attitudes
 - Illegal, anti-social, self-incriminating or demeaning behavior
 - Critical appraisals of family members
 - Privileged relationships recognized by law, such as with attorneys, doctors and ministers
 - Family religious practices, affiliations or beliefs
 - Income, unless required by law to determine program eligibility
2. To be notified and choose to opt out of certain activities, surveys and exams, including:
 - Activities involving collection, disclosure or use of personal information obtained from students to market, sell or otherwise distribute information to others
 - Surveys requesting protected information, regardless of funding
 - Any nonemergency, invasive physical exam or screening required for attendance, administered by the school and not necessary to protect students' health and safety — except for hearing, vision or scoliosis screenings, or any exam or screening permitted or required by state law
3. To inspect the following material, upon request, before the district administers or uses:
 - Surveys and instructional material involving protected information
 - Instructional material in the educational curriculum
 - Documents to collect students' personal information for marketing, sales or other distribution purposes
4. To receive notification at the start of each school year, and after substantive changes are made, about the district's policy for complying with the Protection of Pupil Rights Amendment
5. To report any violation of rights by filing a claim with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202

PRODUCT SALES

Official school organizations may conduct sales on campus with the approval of the student council and/or the school administrator. All proceeds must be deposited in the student funds account.

No other sales are permitted on school property without the district's prior authorization.

REPORT CARDS AND CONFERENCES

Report cards are issued four times a year, after each nine-week grading period.

Parents or teachers may request a conference at any time to discuss concerns about student achievement or special needs.

SILENT WITNESS

Students are encouraged to report anything that threatens the safety or security of people or property at school or school-sponsored activities:

- In an emergency, call 911.
- Talk to any school staff member.
- Leave a message on the Silent Witness line. Call 480-472-STOP (7867).

SPECIAL EDUCATION

Public schools must provide a free, appropriate education to eligible disabled children. Special education and related services are described in Individualized Education Programs (IEPs) and are provided in the least restrictive environment.

Children with disabilities from age 3 to 22, and their parents, are guaranteed certain educational rights, known as procedural safeguards. Children who are being provided special education services at the time they reach age 22 will continue to receive special education services from the school district until the end of the school year.

The law and its implementing regulations also provide methods to assure that your input is considered.

For the procedural safeguards, see "Special Education" at mpsaz.org/parents. Or call the Special Education department at 480-472-0710 to receive a copy.

If children are having difficulty in school, parents should check with teachers to discuss interventions that may help their children succeed.

If the interventions are unsuccessful or if a disability is suspected, parents may request a referral for special education evaluation. Contact the school administrator, school psychologist or area special education director.

Child Find

Public schools are required to identify, locate and evaluate all children with disabilities who need early intervention or special education services and who reside within its geographic boundaries.

Parents of children under age 3 are referred to the Arizona Early Intervention Program, 602-532-9960.

Parents of children age 3 through 5 are referred to the district's Special Education department, 480-472-0703.

Children as young as 2 years 9 months may benefit from speech, hearing, vision and developmental screening to determine if further evaluation is necessary. Mesa Public Schools offers eligible children with significant delays enrollment in free special education programs.

Parents of children in kindergarten through 12th grade should contact their school.

Special Education Evaluation

If special education disabilities are suspected, children are evaluated to identify and document any disabilities that affect learning.

Parents and educators begin by reviewing existing information. If the team needs additional data, the assessments are completed within 60 calendar days of parents' written consent. The team reviews and discusses all the information.

If the team determines children are eligible, parents and educators meet to develop an Individualized Education Program (IEP). Parents may ask others to be present at the meeting.

Parent Rights and Responsibilities

STUDENT EDUCATION RECORDS

Parents have the right to inspect and review all education records and all other rights guaranteed by the Family Educational Rights and Privacy Act.

DESTRUCTION OF EDUCATION RECORDS

The district destroys all special education records five years after students leave special education, withdraw from the district or graduate. Parents who prefer to obtain the records may write to Mesa Public Schools, Special Education Records, 1025 N. Country Club Drive, Mesa, AZ 85201.

PRIOR NOTICE OF UNILATERAL PRIVATE PLACEMENT

Parents who disagree with the district must provide written notification 10 business days before enrolling children in private special education schools. The notice must indicate rejection of the placement offered, concerns about the offered placement, and the intent to enroll a child in a private school at public expense.

CONSENT TO SERVICES

Parents may withhold or withdraw consent for special education services, which cease once parents have withdrawn consent and received notice of their procedural rights. Thereafter, children have the same rights and responsibilities as students without disabilities.

- Raising Special Kids, 602-242-4366, raisingspecialkids.org
- the Arizona Department of Education's Exceptional Student Services Division, 602-542-4013

STUDENT GROUPS

The federal Equal Access Act prohibits secondary schools from discriminating against extracurricular student groups based on religious, political, philosophical or other speech, including groups that meet to discuss or promote controversial subjects.

Unless specifically noted, the district does not endorse, and is not to be identified with, the aims, policies and opinions of any student group or its members.

STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords parents, and students over 18 years of age, certain rights regarding education records:

1. The right to inspect and review education records within 45 days after schools receive requests for access:
 - The parent or student writes to the school administrator and asks to inspect the record. The school administrator arranges for access and notifies the parent or student of the time and place.
2. The right to request the amendment of an education record that a parent or student believes is inaccurate, misleading or otherwise in violation of privacy rights under FERPA:
 - A student or parent who is concerned about the accuracy of grades, attendance records or other school records talks to the teacher first. If the matter is not resolved, the parent or student speaks to the school administrator.
 - If the matter remains unresolved, the student or parent writes to the school administrator, specifies what should be changed and explains why.
 - If the school administrator decides not to amend the record, the parent or student is notified and advised of the right to a hearing. The notification includes information on hearing procedures.
3. The right to privacy of personally identifiable information in education records, except to the extent that FERPA authorizes disclosure without consent:

One exception is disclosure without consent to school officials, with legitimate educational interests, who are fulfilling their professional responsibilities. School officials are:

 - District administrators, supervisors, instructors or support staff members (*including health or security personnel*)
 - Governing Board members
 - People or companies with whom the district outsources services or functions it would otherwise use its own employees to perform (*such as attorneys, auditors or therapists*)
 - Parents or students serving on official committees
 - Parents, students or other volunteers assisting school officials in performing their tasks
4. The right to file a complaint with the U.S. Department of Education about the district's alleged failure to comply with FERPA requirements:
 - Write to Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20202.

Education records, located in student files, consist of two major areas:

(1) permanent records, such as grades, attendance reports and health records, and (2) discipline records.

Noncustodial and divorced parents have equal rights relating to student records unless the school has been provided a court order to the contrary.

Upon request, education records are forwarded without consent to officials in another school or another district if a student seeks or intends to enroll there. Only discipline records regarding out-of-school suspension or expulsion will be sent to a school in another district, as required by state and federal law.

Directory Information

In limited situations, the district may disclose directory information, which is the student's name, address, email address and telephone number; the parents' names, addresses and phone numbers; the student's photograph; date and place of birth; class/grade level; enrollment dates; weight and height if the student is a member of an athletic team; awards received; and extracurricular participation.

Unless the parent opts out of directory information releases, the district will disclose such information only if the request is from a post-secondary institution (such as a college or university); a law enforcement agency or the Department of Child Safety; or a vendor selected by the school to provide a school-related service, such as class photos and yearbooks. Under no circumstance will the district provide directory information to a person or entity for a mass-marketing purpose.

Directory Information Opt Out

Parents and eligible students may submit Opt Out Forms to the school office within the first two weeks of school or enrollment, whichever is later. **A new Opt Out Form must be submitted each year.** The form is available at mpsaz.org/parents.

Military Recruiter Opt Out

The district must release high school students' names, addresses and telephone numbers to military recruiters unless parents and eligible students submit an Opt Out Form to the school office anytime during the school year. The form is available at mpsaz.org/parents. **A new Opt Out Form must be submitted each year.**

Student Name

The district must record the student's legal name in its electronic Student Information System (SIS) and use the legal name in its permanent records. Upon request, a preferred name will be included in the SIS and used by staff members in communications with the student and family.

STUDENT SPEECH

Students have certain free-speech rights at school. They are not automatically the same as the rights of adults in other settings, due to the special characteristics of the school environment. See Policy JFH.

Prohibited student speech includes, among other things:

- Speech that causes a material and substantial disruption
- Speech that is vulgar, lewd, obscene or plainly offensive
- Speech that harasses, bullies or otherwise substantially interferes with another student's right to attend school or participate in school activities
- Speech that advertises or promotes alcohol, tobacco or illegal drugs
- Fighting words, threats of violence
- Racial, ethnic, sexual or religious slurs

TEACHER RÉSUMÉS

Contact your school office to request the educational background and teaching experience of our instructional personnel.

TECHNOLOGY DEVICE AND INTERNET USE

The district provides student access to technology devices, such as laptops and tablets, and internet service for educational purposes.

Students may also bring personal devices, such as cellphones, smartphones, audio or video recorders, readers, tablets and laptops. Unless being used for acceptable educational purposes, all devices must be turned off and out of sight.

In all cases, the following guidelines apply:

Devices may not be used to violate the privacy of others or disrupt the learning environment. Use of a device to audio and/or video record a person without their consent is not permitted.

If students violate the rules, devices may be confiscated and personal ones held for parent pickup from the school administrator.

The district makes reasonable efforts to manage appropriate use of the internet. Our efforts include the use of a content filter on district-provided internet access and guided supervision, in compliance with the federal Child Internet Protection Act.

The district cannot prevent access to all inappropriate content. We cannot filter content accessed via third-party services.

The district does not provide technical support for personal electronic devices. For district-provided one-to-one devices, please refer to the student device handbook for repair/replacement information.

The district is not liable for data-plan charges students may incur while using personal devices and is not responsible for loss, theft or damage.

Internet and G Suite opt out

Parents may deny internet and G Suite (Google) access for their children at any time by submitting an Opt Out Form to the office. The form is available at mpsaz.org/parents. A new Opt Out Form must be submitted each year.

Acceptable uses

The same rules and expectations that govern student conduct and communication apply to student use of technology and the internet. Students must follow network etiquette rules, internet guidelines and Governing Board policies during school and school-related activities.

Students who have questions about appropriate uses should ask the teacher. For complete information, see Policy JFCH.

Prohibited uses

Students are responsible for any misuse of school or personal devices, internet access, electronic files, passwords and accounts.

Failure to comply may result in loss of internet-access privileges, device-use privileges or other disciplinary actions. Unacceptable uses include illegal activities, violating copyright and plagiarism. Other examples of unacceptable uses are:

INAPPROPRIATE MATERIALS:

accessing, displaying, transmitting or posting materials, including imagery or language that is defamatory, abusive, obscene, vulgar, sexually explicit or suggestive, threatening, discriminatory, harassing and/or illegal

COPYING SOFTWARE:

unauthorized copying, downloading or installing of software, including VPNs

MISUSE OF PASSWORDS/UNAUTHORIZED ACCESS: sharing passwords, using other users' passwords and/or accessing other users' accounts

MALICIOUS USE/VANDALISM:

any malicious use, disruption or harm to the school's computers, networks and internet services

UNAUTHORIZED COMMUNICATIONS:

unauthorized accessing of communication tools, such as chat rooms, forums and social networks

No expectation of privacy

The district retains control and custody of all computers and other devices, accounts, networks and internet services owned or leased by the school. We reserve the right to monitor all internet activity by students.

Student security

Students should not reveal their full names, addresses or phone numbers on the internet. Students should never meet anyone they contact through the internet without parent permission. Students should inform their teachers if they access information or messages that may seem dangerous or inappropriate.

Viruses and malicious software

The district is not responsible for any virus or malicious software transmitted from its computer system.

TESTING

The district uses criterion-referenced tests to monitor achievement at student, class, school and district levels.

Criterion-referenced tests, district final exams or AzMERIT show us if students have mastered classroom material.

Tests Administered by Mesa Public Schools

**Required by the state of Arizona*

TEST	GRADES	WHEN TESTED
District tests in English, math, CTE and world languages	7-12	Students are tested several times each year.
AIMS science*	8, 10	April
American Civics Test *	8-11	December, May
AzMERIT* (ELA and Math)	7,8,10	April
National Assessment of Educational Progress*	Varies	January-March (Small sample of students)

Copying answers, stealing tests and other activities that would result in inaccurate scores can lead to penalties imposed by the district and the Arizona Department of Education.

VISITING SCHOOL (See addendum)

Until further notice, no outside visitors or volunteers will be allowed on campus when in-person learning resumes in the 2020-21 school year, except for the safety and well-being of students. Parents will report to the front office and not go beyond unless it is for the safety or well-being of their child.

Essential visitors to facilities, such as district staff, will be required to wear face coverings and will be restricted in their access to campuses as a whole. Visitors must follow all safety protocols.

VOLUNTEERS (See addendum)

Until further notice, no outside visitors or volunteers will be allowed on campus when in-person learning resumes in the 2020-21 school year, except for the safety and well-being of students. Parents will report to the front office and not go beyond unless it is for the safety or well-being of their child.

Essential visitors to facilities, such as district staff, will be required to wear face coverings and will be restricted in their access to campuses as a whole. Visitors must follow all safety protocols.

Guidelines for Student Behavior

To assist you and others in the pursuit of a quality education, we have guidelines for student behavior. They are based on the district's existing policies and procedures and are designed to create a pleasant and safe environment for all students.

You must remember that you are responsible for your own actions. If your actions violate school guidelines, you must accept the consequences.

You should also understand that Arizona law allows the district to hold you accountable for your

behavior on school property at any time, on the way to and from school, during any school-sponsored activity, at school bus stops, and in other locations off school grounds if the behavior has a negative impact on other students, teachers or school activities.

First, in all student discipline matters, the school administrator speaks with students to gather information about what happened and whether the district's Guidelines for Student Behavior were violated. This discussion

may occur without parent participation or consent. The parent is notified if the school takes any disciplinary action other than an informal talk or conference with the student.

When an eligible student with disabilities engages in misconduct that could result in suspension or expulsion, the district follows state and federal laws governing suspension and expulsion of such students. Procedures are set forth in Policy JGD.

DISCIPLINARY ACTIONS

Students involved in inappropriate behavior are subject to certain disciplinary actions. Depending upon the behavior problem of the student, one or more of the following actions may be taken by school officials. Misconduct may also result in suspension or loss of the privilege of participation in extracurricular activities. Please note that "assistant superintendent" means an assistant superintendent or assistant superintendent's designee.

Informal Talk

A school official (*teacher, administrator, counselor or student advisor*) talks to the student and tries to reach an agreement on how the student should behave.

Conference

A formal conference is conducted with the student and one or more school officials.

Parent Involvement

The parent is notified by telephone, personal contact, email or letter. A conference may be conducted with the student, parent, appropriate school officials and other individuals concerned.

In-School Discipline

The student is subject to consequences that do not require suspension from school, such as loss of privileges, detention, temporary removal from class, timeout and assignment to an alternative learning classroom (ALC).

Short Suspension

The student is subject to a suspension of 10 school days or less. A short suspension may be imposed by the school administrator.

During that suspension, the student is not permitted on district property or at district functions.

Long Suspension

The student is subject to a suspension of 11 school days or more. A long suspension may be recommended by the school administrator and imposed by the assistant superintendent. During that suspension, the student is not permitted on district property or at district functions.

Intervention Program

This may take the form of a short suspension combined with a counseling program in place of a long suspension.

Alternative Learning Classroom

Temporary assignment to an alternative learning classroom (ALC) is an alternative to off-campus suspension. An ALC may be imposed for part of a day or for one or more days. The student is removed from the regular classroom setting and is assigned to a location isolated from classmates. Class assignments are given to a student placed in an ALC. The parent is notified.

Alternative School Assignment

The assistant superintendent may assign a student to an alternative school of the district in place of a long suspension.

If the assistant superintendent believes that a long suspension may be appropriate, the student and parent are provided the opportunity to meet with the assistant superintendent to discuss the situation.

If the assistant superintendent determines that good cause exists for a long suspension, the assistant superintendent may make an alternative school assignment (ASA) in place of a long suspension, with or without the agreement of the student or parent.

If a student is assigned to an alternative school in place of a long suspension, there is no right to a formal hearing on the incident.

Additionally, under Arizona law, the district may reassign any student who refuses to comply with rules, refuses to pursue the required course of study or refuses to submit to the authority of teachers, administrators or the Governing Board.

Expulsion

The student is subject to permanent expulsion from all schools in the district. Expulsion may be recommended by a school administrator and imposed by the Governing Board following a hearing before an independent hearing officer.

Only the Governing Board can expel a student. Upon expulsion, a student is not permitted on district property or at district functions unless the student has been readmitted to school by the Governing Board.

Your Due Process Rights

Relative to student discipline, due process means that students are entitled to certain notice and hearing procedures before they can be suspended or expelled. In some situations, there are also procedures that students may follow if they do not agree with the school's actions.

If a student faces possible suspension or expulsion, the appropriate due process procedure is implemented. The following summary provides an overview of these procedures.

Short Suspension

A short suspension is 10 school days or less. The notice and hearing required for a short suspension are more informal and abbreviated than for a long suspension or expulsion. There is no legal right to appeal a short suspension to any person other than the school administrator.

The school administrator has the authority to suspend a student for 10 school days or less. When a short suspension is the anticipated disciplinary action, the school administrator provides the student the opportunity to participate in an informal hearing between the school administrator and student, which may include other people associated with the incident. The school administrator verbally informs the student of the alleged behavior that is considered a violation of the rules. The student is given an opportunity to respond and present his or her version of the situation. If, after these procedures are completed, the school administrator

decides that a short suspension is appropriate, the suspension begins, and the parent is notified.

The school administrator may, in addition to imposing a short suspension, recommend to the assistant superintendent that a long suspension be imposed. The short suspension, nevertheless, takes place.

The school administrator may immediately suspend a student when the student's presence creates a danger to any student or school personnel. As soon as the danger subsides, the due process procedures for a short suspension are initiated.

A parent/student may appeal to the school administrator the disciplinary action taken by an assistant principal or other administrative designee within two school days of its imposition. The school administrator acts upon the appeal within two school days of its receipt.

During the appeal process, suspended students are assigned to an alternative learning classroom unless the offense involves assault/fighting, drug possession/distribution, dangerous instruments/deadly weapons or any other offense that presents an immediate threat to safety. Appeals made after completion of a disciplinary action are not subject to review.

Long Suspension

A long suspension is 11 school days or more. In addition to imposing a short suspension, the school administrator may recommend that a long suspension be imposed.

The assistant superintendent has the authority to impose a long suspension following appropriate due process.

Notice is given to the student and parent that the school administrator is recommending to the assistant superintendent that the student be suspended for 11 school days or more. The student and parent are given notice of applicable due process procedures.

If the assistant superintendent believes that a long suspension may be appropriate, the student and parent are provided the opportunity to meet with the assistant superintendent to discuss the situation in an informal setting. The assistant superintendent then determines whether a long suspension should be imposed or, if good cause exists for a long suspension, whether the student

should be assigned to an alternative educational program of the district in place of a long suspension.

If a student is assigned to an alternative school in place of a long suspension, there is no right to a formal hearing. If the assistant superintendent imposes a long suspension, a formal hearing may be requested by the parent. A request for the formal hearing must be made to the assistant superintendent within two working days after notification that a long suspension has been imposed.

If a formal hearing is requested, the hearing is conducted at the district level by an appointed hearing officer. The parent and student are given

written notice of the date, time and place for the hearing at least five working days prior to the hearing.

A long suspension takes effect upon receipt of the hearing officer's decision, subject to appeal to the Governing Board. The hearing officer's decision may be appealed by sending a written notice of appeal to the board within five working days after receipt of the hearing officer's decision. The notice of appeal must be received no less than 24 hours prior to the meeting where the appeal will be heard.

Your Due Process Rights

Drug Education and Counseling Programs

Education and counseling programs are combined with a suspension for students who use or possess drugs or alcohol on campus if it is their first offense.

Expulsion

Expulsion means the permanent withdrawal of the privilege of attending any school in the district, unless the Governing Board reinstates that privilege. Only the Governing Board can expel a student. Expulsion takes effect only after a formal hearing is conducted and the Governing Board has made a decision to expel. If the assistant superintendent believes that expulsion is appropriate, the assistant superintendent gives written notice to the student and parent that expulsion is being recommended and that a hearing on expulsion will take place. The student and parent are given notice of applicable due process procedures.

The parent and any student subject to expulsion are given written notice of the date, time and place for the hearing at least five working days prior to the hearing.

All expulsion hearings are conducted by an independent hearing officer who hears the evidence, prepares a report and brings a recommendation to the board for action. The hearing is closed to protect the privacy of the student unless the parent requests that it be open to the public.

The hearing officer's recommendation may be appealed by sending a written notice of appeal to the board within five working days after receipt of the hearing officer's recommendation. The notice of appeal must be received no less than 24 hours prior to the board meeting or session where the hearing officer's recommendation and any appeal are considered. The board is the ultimate authority in the district and is not bound to accept the hearing officer's recommendation.

Police Involvement

School officials are not required to initiate or complete due process procedures prior to notifying law enforcement officers. If law enforcement officers are notified, parents are contacted unless otherwise directed by a law enforcement officer. Any action taken by law enforcement officers is separate from disciplinary action taken by the school district.

Problem Areas

This list is not all-inclusive. A student committing an act of misconduct not listed is, nevertheless, subject to the discretionary authority of the school administrator or assistant superintendent. Any student who attempts to commit an act of misconduct or who knowingly assists another in committing an act of misconduct may be subject to the same disciplinary action as the student who commits the act of misconduct.

Problem areas may also involve criminal violations of state or federal law. State law requires schools to report to police: (a) drug violations, (b) firearm possession, (c) sexual abuse and other forms of child abuse, and (d) other serious criminal or physical-threat incidents. Schools also have discretion to advise police of other incidents that may constitute a crime.

Please review the problem areas and consequences in *Guidelines for Student Behavior* with your children. Remind them to report any safety concerns to a teacher or the school administrator.

Abuse of a teacher or other school employee while performing official duties is a criminal violation of Arizona law.

Academic Misconduct/Cheating

Cheating, plagiarism or any other type of academic misconduct that enables a student to receive a grade or score that was not or would not have been earned legitimately.

Search and Seizure

Students possess the right to privacy of person, as well as the right to freedom from unreasonable search and seizure of property, as guaranteed by the Fourth Amendment of the Constitution. These individual rights, however, are balanced by the school's responsibility to protect the health, safety and welfare of all students and staff.

A student's person, backpack, cellphone, vehicle or other belongings may be searched if there is reasonable suspicion that the search will produce evidence that the student has violated a law, Governing Board policy or school rule.

A desk or locker is district property and may be inspected at any time as part of a student search or to ensure that the desk or locker is in sanitary condition and proper working order.

Items searched will be promptly returned to the student, unless the school must take temporary custody of an item, such as a cellphone, to obtain evidence from it or a law enforcement officer requires possession of the item as part of a criminal investigation.

Bus Rules

Bus riders are under the authority of the school administrator and the driver. Students must observe classroom rules and dress standards while riding the bus. Video cameras may be used to monitor behavior.

Waiting for the Bus

1. Walk to the bus stop with a parent or in groups of two or more students.
2. Be at the bus stop 10 minutes before the bus is scheduled to arrive.
3. Stay out of the street and away from traffic.
4. Respect property in the neighborhood.
5. Be kind and courteous to others.
6. Form one line as the bus approaches.

Boarding the Bus

1. Let the bus come to a complete stop before boarding.
2. Enter the bus one person at a time.
3. Board quickly, but carefully, without crowding or pushing. Use the handrail. Walk, don't run, up the steps.
4. Go directly to a seat, and sit upright facing the front.

On the Bus

- Be courteous, and obey the driver's instructions.
- If seats are assigned, sit in your assigned seat.
- Keep the aisle clear. Stay seated until your stop.
- Keep your hands, arms, feet, legs and head away from others and inside the bus.
- Talk quietly. Do not yell or use vulgar or abusive language.
- Do not throw anything inside the bus or from the bus.
- Eating is not permitted on the bus. Do not drink on the bus unless the bus driver allows you to do so.
- Unless being used for acceptable educational or entertainment purposes with a headset or on silent mode, all personal electronic devices must be turned off and out of sight.
- Audio and/or video recording is not permitted on the bus.
- Do not abuse or deface the bus or bus equipment.
- Keep cases, band instruments and other belongings under control at all times.
- Use of perfumes, colognes and body sprays is not permitted on the bus.

Items Banned From Buses

Prohibited items include weapons, explosive devices, harmful chemicals, tobacco, alcohol, drugs, glass objects other than eyeglasses, skateboards, scooters, insects, reptiles and other animals, with the exception of service animals.

Leaving the Bus

1. Stay seated until the bus comes to a complete stop.
2. Do not push or crowd others.
3. Walk, don't run, down the steps.

Crossing the Road

- Cross the street only when the driver has indicated the way is safe. Walk 10 feet in front of the bus so the driver can see you. Never cross behind the bus.
- Keep looking to the right and left as you walk.
- At an intersection, look in all directions.
- Do not cross the street at an angle.
- Walk briskly across the road, but do not run.

Loss of Bus-Riding Privileges for Infractions Documented in Writing

Riding the bus is a privilege, not a right. Disciplinary action may result if students misbehave or fail to respond appropriately to reasonable requests.

The driver may warn students to correct their behavior before taking disciplinary action. Infractions documented in writing may result in the loss of bus-riding privileges for:

FIRST INFRACTION	SECOND INFRACTION	THIRD INFRACTION	FOURTH INFRACTION	SERIOUS INFRACTION
at least one day	at least three days	at least five days	one month or the remainder of the semester, whichever is longer	an entire school year
