We teach them well!

Mesa Public Schools is an innovative, award-winning district that is recognized nationally for student achievement in academics, sports, the arts, and career and technical programs.

America’s Promise Alliance ranks our district No. 1 in high school graduation rates among the nation’s largest cities. Our students topped state averages in every subject area and grade level on Arizona’s Instrument to Measure Standards (AIMS). Graduating seniors districtwide were offered more than \$50 million in scholarships and awards, \$6 million more than last year. Six MPS high schools were honored in the 2009 Best High Schools Search by *U.S. News & World Report* and School Evaluation Services.

The district is a leader in providing quality educational choices, such as the International Baccalaureate Programme, to children in kindergarten through 12th grade.

The Mesa Academy for Advanced Studies offers challenging course work to students in grades five through nine.

High school students may choose a traditional setting or a small learning environment. Course work ranges from advanced and college preparatory classes to online and credit-recovery classes.

Elementary children attend our strong neighborhood schools. The original Franklin back-to-basics schools are now available for junior high students.

What other schools promise, Mesa Public Schools delivers.
