Welcome to Mesa Public Schools

# We teach them well!

Mesa Public Schools is an innovative, award-winning district that is recognized nationally for student achievement in academics, sports, creative and performing arts, and career and technical programs.

We serve 74,000 students in kindergarten through 12th grade, with a staff of nearly 11,000 people at 84 campuses. MPS leads the way in providing quality educational choices to parents.

For elementary students, we offer strong neighborhood schools, Montessori programs, the original Franklin back-to-basics schools, an arts-integrated campus, homeschool enrichment classes and online learning.

Secondary opportunities include traditional high school and junior high settings, small-campus learning environments, block schedules, Advanced Placement and International Baccalaureate.

Secondary options also include our Biotechnology Academy, Early Childhood Professions Academy, Health Sciences Academy, distance learning, late-afternoon classes, credit-recovery programs, and open-entry, open-exit courses that allow students to enroll at any time.

*Expansion Management* magazine ranked MPS in the top 16 percent of secondary districts nationwide for student achievement and community support.

Standard and Poor's called MPS an Outperforming District. *Education Week* magazine named MPS one of the top 10 best large districts in the nation for high school graduation rates. We teach them well!
