Rhodes to Success

Summary

Rhodes to Success (RtS) is a unique and innovative program designed to bring academic and personal achievement for all students involved. The central tenant will be Project/Problem Based Learning, and all content teachers will be working together beyond walls and bell schedules to give your student a learning experience that will challenge, engage, and encourage him/her to achieve at his/her highest potential.

Rhodes to Success includes:

- 5 academic teams of teachers comprised of all content areas, special education and embedded electives
- Elective team
- Emphasis on teacher leadership
- Flexibility between rotation and session schedules
- Personalized learning
- Highly effective use of Professional Learning Communities within leadership, content areas, and interdisciplinary teams
- Project Based Learning Mentoring with academic goal setting
- Restorative Justice
- Collaborator with ASU workforce initiatives
- Pilot program for dual certified student teacher candidates
- Pilot of ASU internship programs
- Pilot for Muttigrees SEL Program
- Pilot for Summit learning management system as part of a blended learning environment
- Embedded club opportunities for students
- Semi-annual student exhibitions
- Emphasis on student cognitive skills and social emotional competencies
