

Overview & Information

Registration Link on RMRE Website: <http://www.mpsaz.org/rmre>

What is the RMRE STEM Institute:

An inclusive community that establishes an equitable, diverse program of teachers and learners centered around students.

RMRE STEM Institute:

- ⇒ Authentic Student Learning Opportunities
- ⇒ Differentiated Specials
- ⇒ Community from 4th-12th grade through Red Mtn. High School
- ⇒ Hands-on experiences, workshops, collaboration with peers at RMRE and other campuses

Looking to the Future:

Students will build portfolios, engage in learning with a community of students in 4th through 12th grades, and be supported through rigorous challenges that will help grow them both academically and social emotionally. This will prepare all students for future success in college and career.

Explore Engineering, Robotics, Computer Sciences, the Biomedical Fields, and much more!

Who can Register for the RMRE STEM Institute:

All 4th-6th grade RMRE students are eligible to register and participate in this amazing opportunity!

Principal Jaclyn Bycott
