Cadet's Belief And Pledge

I pledge everyday to go through life prepared, and to believe in more than myself, like the courageous men and women who fought and died for their country. I believe I am the future of the United States of America. I know that the Honorable President Lincoln was right in his contention that, if one studies and prepares one's chances will come accordingly. I will respect and honor my teachers as they prepare me for my world to come. I believe when it comes down to it, there is only I. for I will work as a team, because I am a leader who will take the challenge of life the American way.
