

Parents and Students:

We are excited that you want to join our Skyline family. Because of our current situation, we are handling registration as efficiently and safely as we can. The first step is to contact registration djhall@mpsaz.org or call at 480-472-9411 if you have any questions. After you have talked to registration and your student has been enrolled at Skyline, a counselor will contact you to discuss your course selection.

Please complete the following steps on line to enroll your student and prior to counselor contact:

1. Review the registration homepage to help start the process: [Registration Homepage Link](#)
2. The next step is to fill out the correct grade level registration form (if you can't download and print it, just open it and use it as a guide to make your selections on a separate piece of paper. To access the correct course registration form click on the link below:

Skyline Counseling Course Selection

<http://www.mpsaz.org/skyline/counseling/registration/>

Once you feel like your registration paperwork is complete, please email Debbi Hall, Registrar Clerk djhall@mpsaz.org saying that you are ready for a counselor to call you to review your students course selection and the best number to call you at and the best time range to reach you. Counselors return to work on July 23rd and will begin reaching out to students and families at that time.

We hope to make this process as smooth as possible and look forward to talking to you!
