

Traffic Flow and Parking Zones

Back of School

After School: If you enter campus off of Hermosa Vista by the tennis courts you should park in those spaces, wait for your student, and then exit back onto Hermosa Vista. If you enter off of 32nd St. you will need to park in those spaces and wait for your student, and then exit back onto 32nd St. There can be no stopping for any reason in any of the drive lanes, and this includes drive lanes in front of dumpsters or red zones. From 3:40 – 4:10p.m. only buses may use the bus lane, which extends from the Auditorium all the way east to the softball field.

Front of School

Before and After School: Due to the installation of a security wall in the office there can no longer be any student drop off or pick up in front of the school, before or after school. Only Special Education buses may drop off and pick up students in front of the school. All student pick up and drop off before and after school is behind the school or by the tennis courts. Please follow the flow chart carefully, follow the signs, stay out of the bus lanes, and drive safely. This is necessary for the safety of our students, staff, and parents.
