

RECHARTER AN EXISTING CLUB

Do you already have an existing club at your school site?

If So.....

Every year you will need to RECHARTER your club in order to be a recognized club for the current school year, which means:

- 1) You can have fundraisers
- 2) Hold club activities
- 3) Promote your club on campus

- **A faculty sponsor must be willing to take responsibility for the club**
- **At least 15 members are needed** (unless special permission is granted by your Administration)
- **Review your club's constitution and bylaws to make sure your club follows the approved club's operations. If an amendment is needed, during your club meeting make the necessary changes. Make sure you provide a copy of the amended constitution and bylaws and deliver it to your administration office.**
- **Complete the online google questionnaire to "Re-Charter" your club. Link will be provided by your school Secretary (elementary) or the Activities Secretary/Bookstore Manager (secondary)**
- **Once you have been notified that your club is Re-Chartered you can proceed with club activities.**

HAVE FUN!

School clubs help students develop social skills, fine-tune interactions with their peers and with faculty members and have the opportunity to connect with other students who share similar interests. These interactions may form the basis for enduring friendships.
