

Technitorium

((Last Minute Reminder))

Your scheduled first visit: Name _____

Day _____

Time _____

We are excited to be at _____ Elementary and look forward to working with you! The following will help ensure the success of your students on the Technitorium project.

Before arriving at the Technitorium:

- * Assign partner pairs in your class.
(If there is an odd number of students, one may work individually.)
- * Divide the pairs into four groups
- * Assign each group a color and give them matching name tags. (Red, Blue, Green, Yellow)
- * Their names should be clearly visible.
- * Be prepared to help students create a theme for their project that may relate to other areas of your curriculum.

Plan to take an active part helping your class during Technitorium visits:

- * During the first visit, you will conduct the RED station and help identify student photos with their names. We will show you how to do this. It is really very easy.
- * You will also monitor discipline.

Plan to be ON TIME for your Technitorium visits.

Please contact the Technitorium staff, or call Creative Arts (308-7367) if changes in the established schedule are necessary.

If you did not attend the video and introductory meeting at your school, please get a folder from another teacher and duplicate the materials for your own class.
