

Add a Slideshow to Smart Page

Select **“Edit Page”** from the Architekt toolbar at the top of the page.

When the screen refreshes, you will see lightly shaded blocks with the words **“Add content...”** on your page. To begin editing, simply click in any one of the boxes.

In the **Add Content** window, select **“Media”** and then select **“Slideshow.”**

Select **“Create.”**

In a new tab or window, navigate to the Image Gallery that you wish to use for this slideshow. **Please note that you DO NOT use this URL.** You must first select **“View as Slideshow.”**

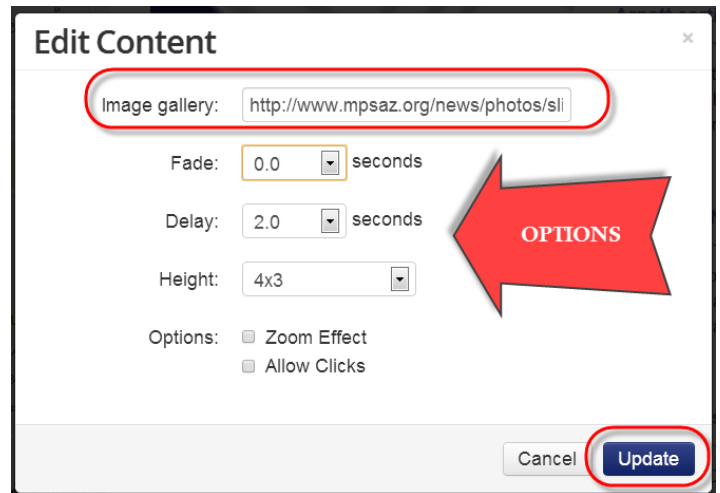

Once you are viewing the slideshow, copy the URL.

Navigate back to your other tab or window. In the **Edit Content** window, paste the URL for the slideshow. You have several options that you can configure:

- Fade
- Delay
- Height
- Zoom Effect
- Allow Clicks

After you finish selecting the options, select **“Update.”**

Your slideshow now appears on your Smart Page.

Be sure and select **“Publish”** from the Architeck toolbar at the top of the page to save your work.
