

# Add an Image to Smart Page

Select **“Edit Page”** from the Architekt toolbar at the top of the page.

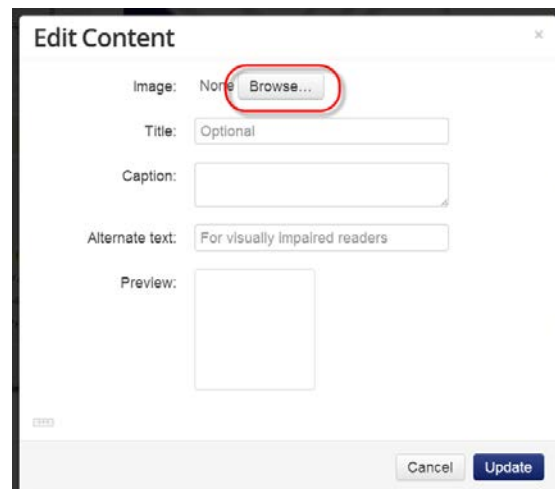

When the screen refreshes, you will see lightly shaded blocks with the words **“Add content...”** on your page. To begin editing, simply click in any one of the boxes.

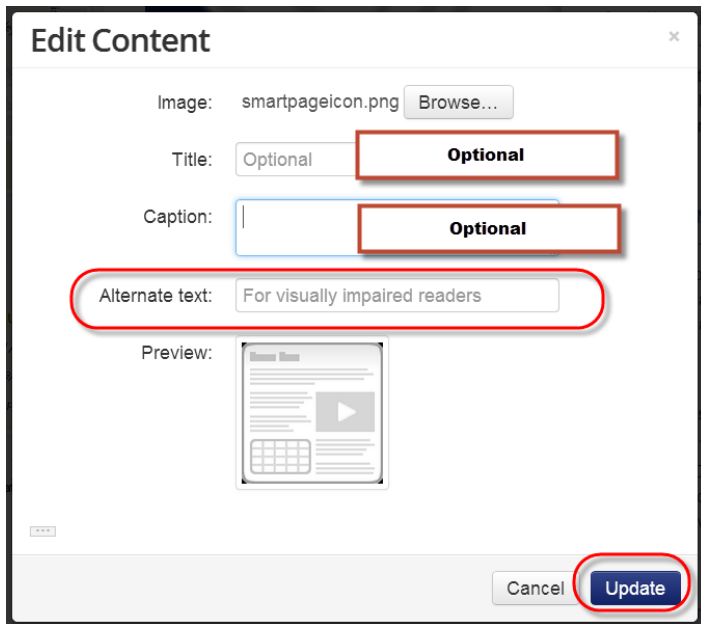

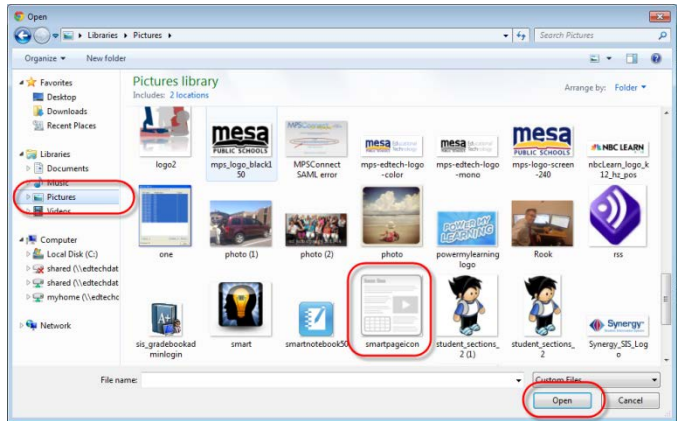

In the **Add Content** window, select **“Media”** and then select **“Image.”**

Select **“Create.”**

In the **Edit Content** window, select **“Browse.”** This will allow you to navigate to the image that you have saved on your computer.

Navigate to the image. Click one time on the image and then click “Open” or double-click on the image.

You have the option to add a **Title** and a **Caption**. You must type in an image description to the right of **Alternate text**.

Select “Update.”

The image now appears in a content block on your Smart Page.
