

Change Page Layout

You have the option to change the page layout on a Smart Page after the page has been created.

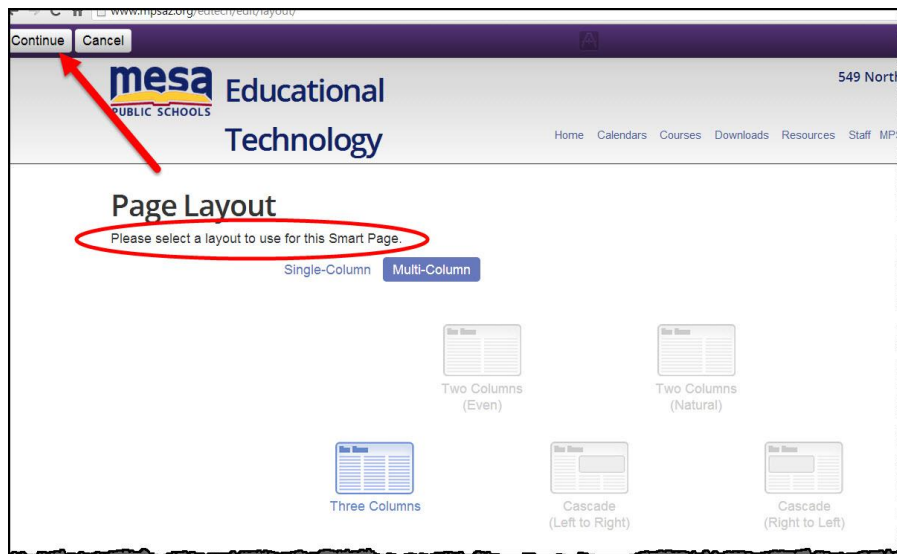

Open Chrome, or your web browser, and navigate to your Smart Page in Architeck.

Once you are logged in, click on the arrow next to **“More”** from the Architeck toolbar at the top of the page.

Select **“Change Page Layout”**

Select the new layout for your Smart Page from the choices listed.

Select **“Continue”** from the Architeck toolbar at the top of the page. Your Smart Page has now been updated with the new layout.
