

Device Protection Plan (DPP)

What is the DPP about?

As part of the district's 1:1 technology initiative, parents have the option to enroll in the district's Device Protection Plan (DPP). Enrollment in the plan will minimize the potential repair and/or replacement costs associated with the device.

By selecting this plan on the Technology Device User Agreement, you agree to pay an annual fee of \$30 to be enrolled in the DPP. If a device becomes damaged, your student will take it to the school's repair center and pay a \$20 fee for repair. If the device is lost or stolen, a fee of \$200 will be assessed. These fees apply to each occurrence. Enrollment in the DPP does not begin until the annual \$30 payment has been received.

What's covered under the plan?

- Accidental damage, such as cracked screens or cases, broken keyboards, etc.
- Battery replacement (if it is determined that the battery is malfunctioning)
- Loss of power cord or stylus
- Replacement of lost or stolen device. If the device is stolen, a police report must be filed with a copy of the report sent to the district.

Intentional Damage to the device is not covered under the plan.

*****All repairs must be made by MPS certified technicians*****

Mesa High Protection Plan

Repair & Replacement Costs – Dell Computer		
	With DPP	Without DPP
Device Replacement	\$200.00	\$430.00
Motherboards	\$20.00	\$208.00
