

Suggested School Supply List

2021-22 School Year

In Arizona, school supplies are provided by the schools to children in order for them to be successful in their classrooms. **Each student will be provided with a 3-ring binder and dividers.** Many parents, however, request a suggested school supply list from the school to help instill in their child an excitement and anticipation for their first day of school. For those parents who wish to know what items they may want to purchase, the teachers at Wilson have come up with a **suggested list** that is uniform across each grade level.
